TALES

OF

SUMMER

Wander through foggy, misty summer
evenings. Bask in golden sunlight
drenched with citrus. Rich velvet lowball
fresh from the farmer's hand at dawn.
Every expression of Edinburgh Gin is
a tale of wonder, told through taste.
And in summer, shared with friends,
these tales take on a poetic life of
their own.

GLENGOYNE
ESTABLISHED 1767

PROTECTING OUR FUTURE

While we respect the past, we also care about the future.

Our liquid waste is cleaned in CO2-capturing reed beds and our solid waste is harvested for enough energy to power 354 homes each year.

Just like the gowans who visit our glass each winter, we harness the power of wind to help us reach our destination by ensuring all our electricity from turbines.

So with each sip of Glengoyne we raise our glass to a greener future.
