THE EDINBURGH GIN
BAR

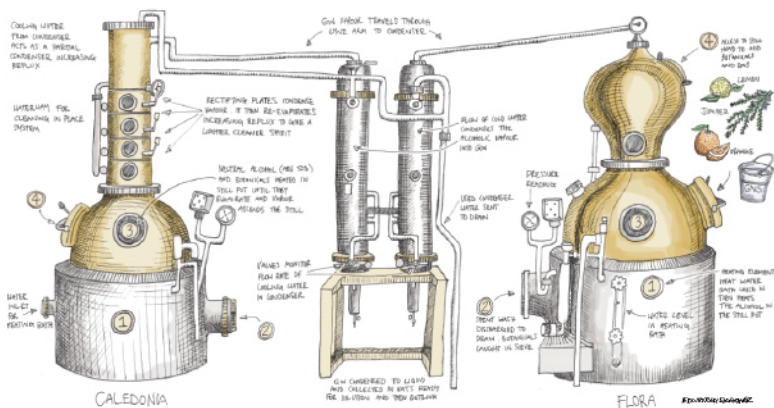

CREATING WONDER

In the bustling centre of our wonderful home city, the Edinburgh Gin Distillery is unlike any other. It's here that we welcome guests from all over the world to discover more about Edinburgh's historic gin heritage, and explore our atmospheric working distillery.

Our West End Distillery is where we distill our limited edition gins and it's where our distillers ensure that our exceptional range of gins continue to captivate the senses.

In 2018, we opened our second distillery at a former biscuit factory in Leith. Here, our custom copper still has allowed us to increase our production capacity to create and distill more of our London Dry award-winning gins.

WORKING WONDER WITH NATURAL FLAVOURS

We only use 100% natural flavours. To these, we add invention, exploration, and even revolution. Creative combinations and a harmony of contrasts that intrigue, excite and captivate.
